

DOKUMENTY MIĘDZYNARODOWEGO INSTYTUTU SPAWALNICTWA - 2009

Komisja III - Zgrzewanie rezystancyjne i procesy pokrewne

- III-1524-09 Magnetarc welding – operational windows for pipes joining – D. Iordachescu et al (Spain), B. Georgescu (Romania), R.M. Miranda (Portugal)
- III-1529-09 Evaluation GRCop-84 for use as a resistance spot welding electrode material – J.E. Gould, J. Cruz (USA)
- III-1530-09 Deformation resistance welding of tube-to-sheet joints in mild steel – W. Peterson, D. Failla, A. Piette et al (USA)
- III-1531-09 Welding of lightweight automotive structures – M. Kimchi, P. Zhang, A. Piette et al (USA)
- III-1532-09 Friction stir welding in automotive industry – recent developments and viable applications – T. Weinberger, G. Figner, C. Kolbeck et al (Austria)
- III-1534-09 The effect of post weld current on weld strength for dual phase advanced high strength steels – Y. Zhang, P. Podrzaj (China, Slovenia)
